SHREE NANDHINI INDUSTRIES

EXCELLENCE IN FABRICATION

SHREE NANDHINI INDUSTRIES PROFILE

Our journey started in the year 2012 with the motto of Manufacturing, Machining and fabrication Component, Air filter, turning, all types of fabricated items. We offer Precision turned medium and heavy-duty components based on customer's specific application requirements.

Though our inception was in 2012, we have constantly redefined and mastered core competencies through innovation and hard-work. The company has been able to win the confidence and trust of our customers with high quality products and timely delivery.

🎯 Mission Statement: Material Fabrication & Delivery

"To fabricate high-quality structural and component materials that precisely match customer blueprints while maintaining transparent operations, rigorous safety, and a highly skilled workforce."

👁️ Vision Statement: Future of Material Manufacturing

"To expand operational horizons as a primary, multi-material fabrication partner in Bangalore by adopting automated machinery, scalable production processes, and expanding to a larger diversified client base."

We are associated with facilities like Pattern making for any development job, Casting, Machining, Milling and Jig boring.
